# illume

Download the app

Illume users are required to utilize Okta Verify as the authentication method to access PII data within the application. Follow these instructions if you did not select this method when you activated your Illume account.

Step 1

Sign in your account from Illume's Home page (https://illume.celestehealth.com/); select *Set up* when the following screen displays

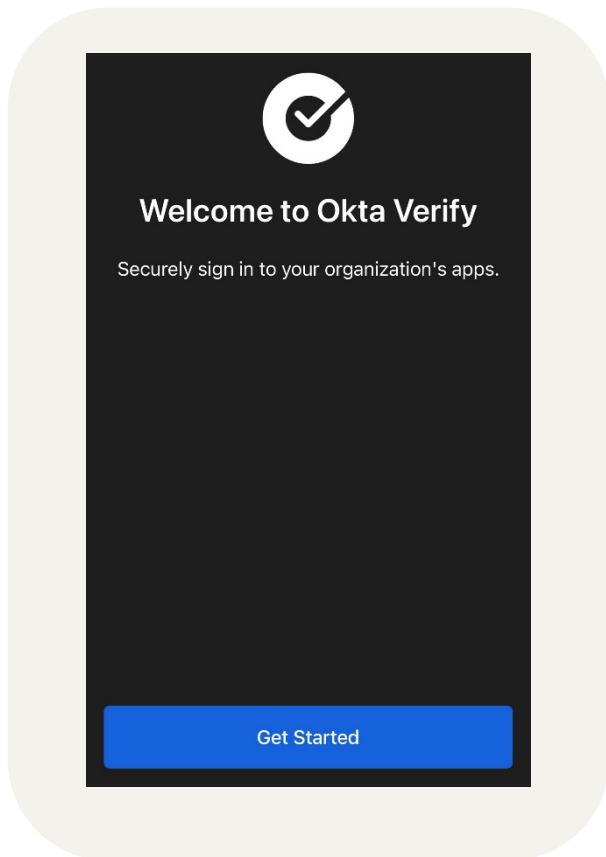

Step 2

Complete the first two tasks, then stop; keep the screen available to scan the QR code in Step 9
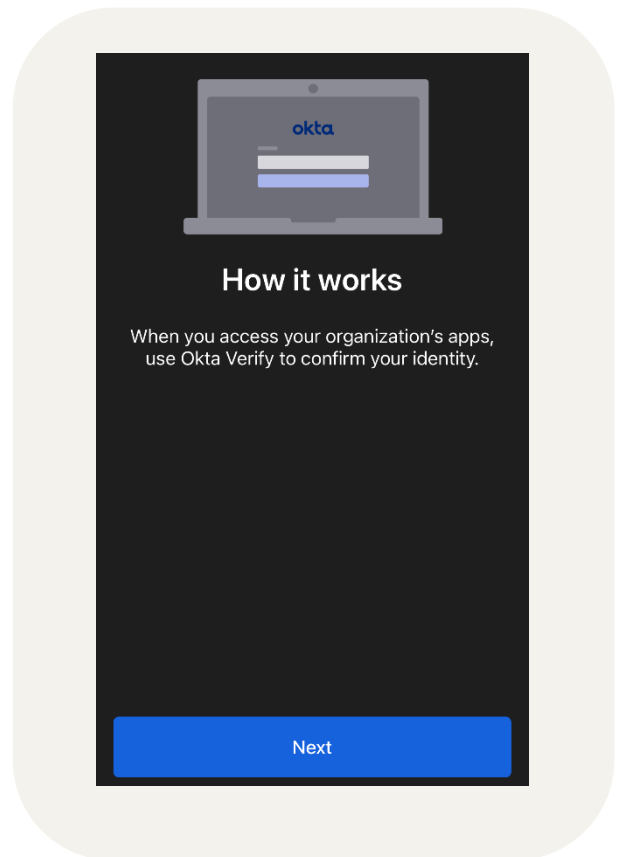

Step 3

On your cellular device, open the newly downloaded app and select *Get Started*

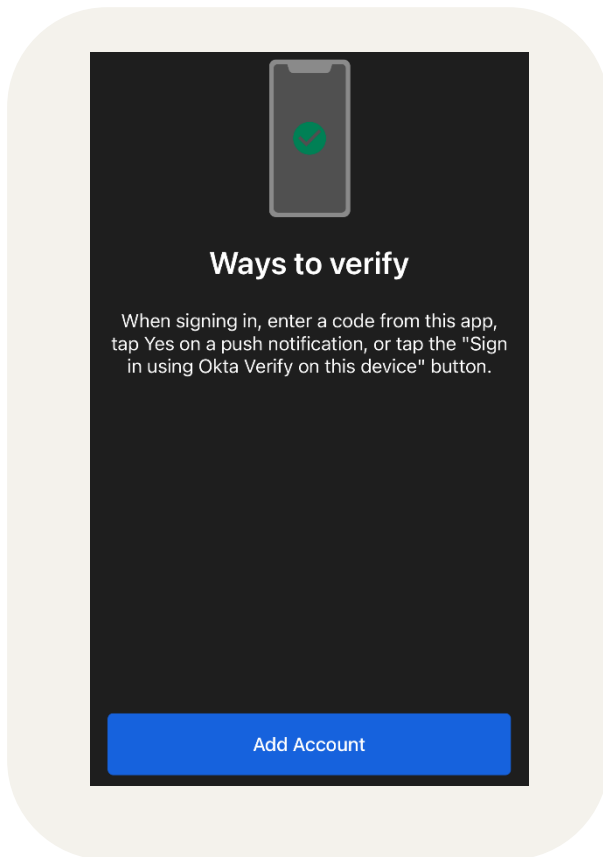

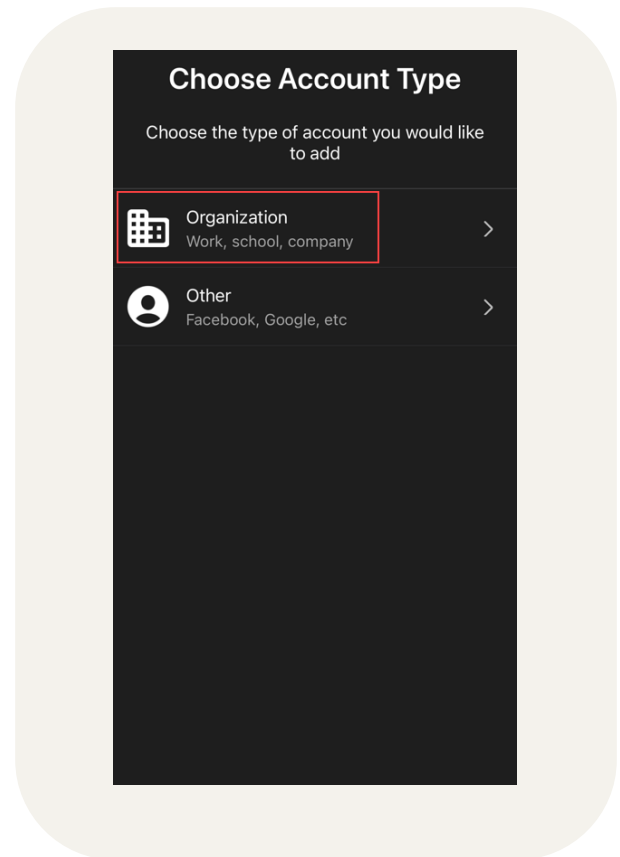

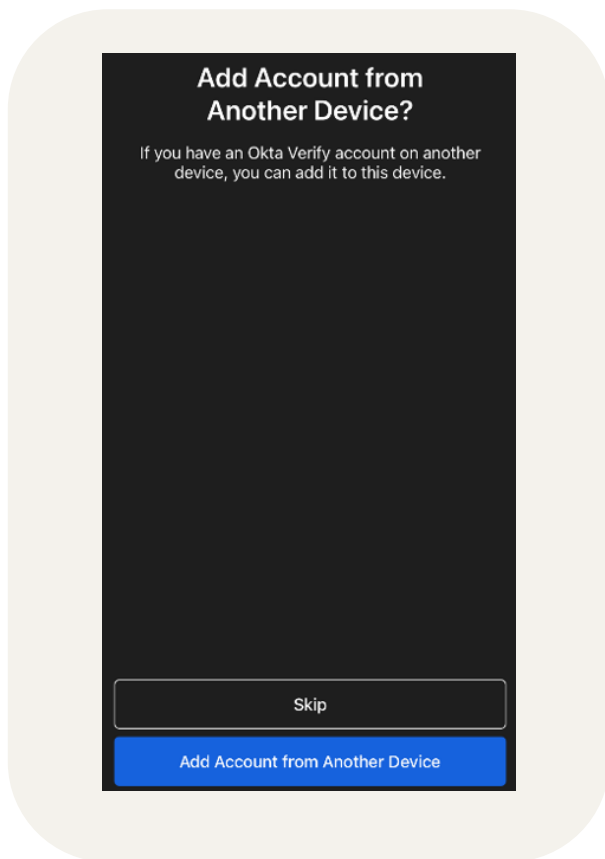

Step 4

Select *Next*

Step 5

Select *Add Account*

Ways to verify

When signing in, enter a code from this app, tap Yes on a push notification, or tap the "Sign in using Okta Verify on this device" button.

Add Account

Step 6

Choose *Organization*

Choose Account Type

Choose the type of account you would like to add

Organization
Work, school, company   >
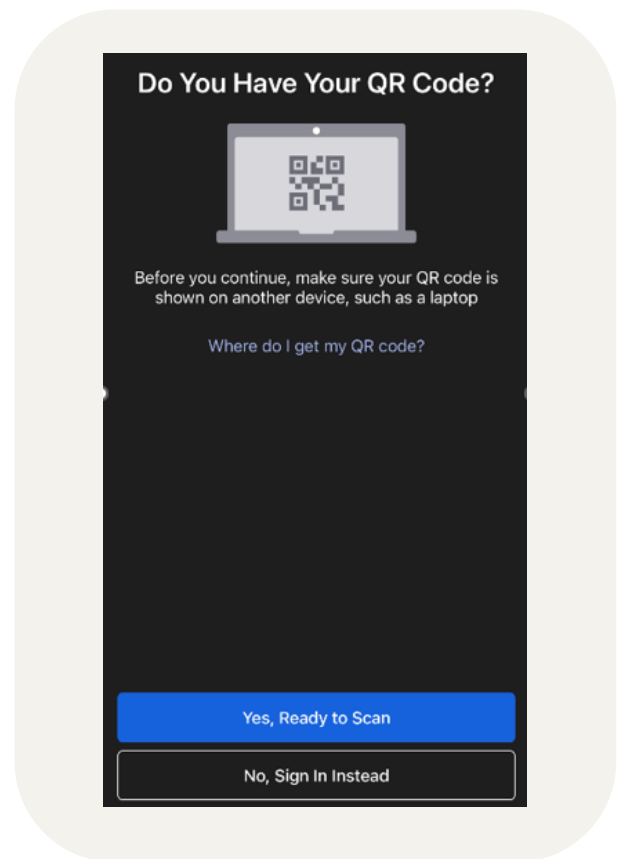

Other
Facebook, Google, etc   >

Step 7
Select *Skip*

Step 8
Select *Yes, Ready to Scan*

Step 9 Scan the QR code (received in Step 2)

Step 10 Select *No* when asked if you want to enable facial recognition or other biometric verification

You are now able to utilize this authentication method to access your Illume account. Note that Illume will prompt you to enter a code from this app each time you log in.
